

PROJECT TITLE:
Dad's First Rusty Truck

DESIGNED BY:
Emma Parrott

SKILL LEVEL: *(1 being the easiest, 5 being of highest difficulty)*
Adult 2

TIME TO COMPLETE:
1 hour (plus reaction time)

Use Sophisticated Finishes real Iron Metallic Surfacer and Rust Antiquing Solution to create a real rust reaction on a plastic model. What a wonderful gift for dad!

PROJECT TIP:
Sophisticated Finishes Iron Metallic Surfacer combined with the Rusting Solution will cause a true rusting reaction. Protect metal surfaces with a primer. Stop rust reaction when desired affect is achieved with sealer.

SEARCH TEXT: *(Please provide words which the consumer may use to search for this project. Words in this section should be in lowercase type and separated with one space between each word only.)*

Iron rust dad father's day desk truck model car sophisticated finishes modern options triangle coatings easy

INSTRUCTIONS:

1. Assemble model according to package instructions.
2. Apply a basecoat of iron to model. Allow to dry, then apply another coat. Allow second to dry at least 8 hours.
3. Brush on or spray on Rusting Solution to car. Reaction will begin immediately. When desired rusting affect has occurred, stop rust reaction with sealer.
